TO: Sec.13: The "Gümnaasium" at Kuressaare, was a Russian one when I was admitted, in 1914. Practically I did not attend any lessons there, because the institution was evacuated from Kuressaare to VOLOGDA (World War I), me remaining in Kuressaare. I hade to take examinations for 3 years from the Examination Board which returned every Spring from Vologda to Kuressaare. During the German occupation of Kuressaare the Russian "Gymnazia" was substituted by a German one, 1917-1918, from which I shifted over to the Estonian one as soon as such one was opened, in January, 1919.

As to the views of educators an Estonian Gümnaasium, by its standards, could be compared with an American Highschool pluss two years of College.

Company of the Control of the Contro

Besides the Military College (1923-1926) I attended the Military Academy (1929-1932), graduating with the degree of K.S.DIPLOM-officer. The letters "K.S.", written behind ones rank, indicate that the officer has graduated from this Academy of General Staff, whereas the word "DIPLOM" adds that he has graduated, and written and defended an assigned disseration.

My dissertation carried the topic: "Development of the Public Communication Net to SatisfyctherRequirements of the Air-Observation Service".

TO:Sec.15.: When PoW I got in contact with the British M<sub>1</sub>1.I<sub>n</sub>telligence. This contact lasted for about one year after I was released from PoW. This being put "on ice" did not satisfy me and I interrupted the contact. This was renewed in 1951 by the British, and lasted for a few month, me doing some interrogation work, until I quit after getting in contact. The representative of this Agency.

From July, 1941 to July, 1944 I worked simultaneousely with the Finnish and the German Mil. Intelligence Services, on mutual projects, and I was taken over as a volunteer-captain into the Finnish Army. I left the Finnish Army before Finland made armistice with the USSR, After that I worked as an Estonian Captain, and as such the Western Powers.
